

The snarling, typically Jewish piece on Neo-Fascists and Hate-Groups put out by the expiring Velde Committee, was written by some of those B'nai B'rith termites who live in the woodwork of all Government buildings. It was based on nothing but their own natural fecundity for lies and the selected findings of gum-shoe spies such as the Anti-Defamation League supplies to all agencies who have bowed to Jewry. It was quoted by radio and press as though it were the result of some honest committee procedure but actually there was no intention of holding any hearings. This sneak report was an end in itself, a Jew propaganda piece to be distributed over the nation by the franking privileges of Jew Congressmen and of those Congressmen who are not Jews but are determined to be surpassed by nobody in their service to Jews. Pieces like this "report" used to be printed in trash weeklies like Look and Colliers and get plugged by Winchell and Godfrey but now they have to be put out by Congress to get read. They are loaded with such terms as "hate factory" "hate peddler" and "hate racketeer", held together by a string of lies.

The kosher spooks who wrote this report, refer to us extreme Right Wing writers as "subversive", saying that we "do as great a violence to our national institutions as do those on the extreme left". Without remarking on this glib statement made by who knows what bloodsucking staff underling, we now demand that the Committee give us treatment as considerate as that which it gives to Left-Wingers. We demand that the Committee give us hearings, not only those of us slandered by name but all the rest of us insulted collectively. We do not ask for the tender, almost reverent treatment given to Oxnham or Alger Hiss or Joe Lash, the pet of Empress Eleanor. We only want the courtesy which the Committee scrupulously shows to ordinary Communist goons or spies or saboteurs, for instance, the kind of opportunity given to the Communist Jack-of all trades, Lee Pressman who was permitted to clarify his position by all kinds of statements and speeches. If the Committee will give us hearings they will find no Fifth Amendment cases among us. Right Wingers are not playing any double games. Their only desire is to tell the truth to as many Americans as possible, but this desire is in sharp conflict with the desires of the Committee, which has refused to grant hearings to the people it vilified in the "report" apparently on the grounds that people who would do things such as it had accused these people of doing didn't deserve to have a chance to prove they hadn't done them.

This attitude toward Right Wingers goes back to 1939 when a Special Subcommittee called in Gen. Van Horne Moseley, an enemy of Roosevelt's, to destroy him. Since anybody with the name Moseley could be confused with the British Fascist, Sir Oswald Moseley, the General seemed like a logical starting point but he stood them off in leonine fashion and read a ringing statement. The Subcommittee ordered the statement stricken and gave hearings to no more Right Wingers. Instead Roosevelt and Atty. Gen. staged the outrageous Mass Sedition Trial and brought in Right Wingers from all over the nation charged with seditious conspiracy, no less. Among these were Sanctuary, Edmondson and Hudson. Since all the defendants were absolutely innocent of anything except being sassy to Jewry which had not then been declared a crime, the Mass Sedition Trial was a flop, but now just look on page 15 of Velde's Hate Report: "The Special Committee on UnAmerican Activities reported in 1940 that General Moseley was being seriously considered as a national leader of an attempted union of fascist and hate groups in the United States until the plans were exposed and Moseley was called as a witness before the Committee. The Special Committee named Sanctuary, Hudson and Edmondson as being among the individuals who took part in this unsuccessful attempt to create a united fascist movement." This is obviously a damned lie, but whose damned lie is it?

The authors of these broad campaigns of falsification are not as eager to take the credit as they used to be. Walter Winchell the big Jewish socialist policy shark and Wall St. tout, started in the Roosevelt reign to whip up American bloodlust against "hatemongers". After failing to get the "Seditionists" lynched he had Joe Kamp thrown into prison. This case backfired so badly that it gave Winchell a black eye and a busted nose and now under Ike, Winchell is anxious to have somebody else carry the ball. But the Winchell touch is there in the Committee's choice of Conde McGinley as prime target. When the Jews had the Communist Anna Rosenberg installed in the key position at the Pentagon, McGinley told the Americans how deeply they had been betrayed. Now in '55 Anna's fledgling "John Adams" is pulling the same Pentagon wires and McGinley is still printing the things that Americans ought to know. That, in the eyes of the Committee, may be a sin but in the eyes of the Constitution it is not. We shall see who is stronger, the Constitution or the creatures who use the Committee as a shield.
